SAUTERNES Weekend

3 days/2 nights

A few days in the Sauternes area; you are sure to enjoy sunshine and good company even in winter time

The Sauternes wine is heart-warming sunshine in a bottle, as people say.

This ride is through vineyards and forests in a gently rolling landscape

You will stay in bed and breakfasts, at guest houses or at wine growers homes, it will be worth remembering. The evening meals will be cooked by local people, keen on offering the best local cuisine.

To give you a taste of it: Sauternes sangria, or the rare Marquissette.

The main dish will be wild boar, deer, ring dove or rabbit cooked in Sauternes wine. Our chef Patrick, a wine grower and food specialist, will supervise the meals.

We will ride for three days among vineyards and forests, with beautiful alleys for long canters.

We will spend one evening in a ring dove shelter, the traditional hunting spot of this area. You'll be able to have information from our hunting specialist.

We will be invited to sample wine in a chateau.

All along this ride, Sauternes, red and white Graves will be served at all meals

See you soon

We'll welcome you at the Bordeaux railway station or the Bordeaux Merignac airport.

You will be a guest of Patrick in his estate, Chateau d'Arnaudon.
